Project:

To clean over 150 ledgers and daybooks and place in protective boxes.

Boxes, shelving and packing materials have been purchased. The shelving has been assembled and work on the ledgers is just beginning. Three volunteers have spent 10 combined hours at this point.

We will have no problem completing our project before the end of the year. The tourism season is winding down, therefore, our volunteers will have more time to apply to the ledgers. We have not publicized the project yet.

Purchases total \$790. \$270 for the shelves (\$20 discount applied from Sam's Club) and \$520. for the archival boxes.
