FINAL REPORT

2023 OHRAB Grant Project

January 25, 2024

Rehousing of Archives at the Little Red Schoolhouse

Project Summary

Poland Historical Society's OHRAB grant project objectives were to rehouse and reorganize the current historical materials to allow for a more streamlined experience for users of the materials and to prevent major damage to the collection. This was accomplished by historical materials being sorted and individually placed in acid free sheet protectors. They were then organized chronologically, assigned a page number, and placed in an archival binder per subject matter. An index was prepared for each binder. If it didn't already have a catalog number, one was assigned. A label was prepared and placed on the outside of the binder. The typed indexes were put into our Past Perfect data base.

Archival boxes were used to store fragile 1800's journals, diaries and ledgers. They were labeled, assigned a catalog number and typed into our data base. Our collection of individual family's historical papers, letters, and photos were also placed in sheet and photo protectors and put in archival file folders and filed in a filing cabinet.

USB drives were used to back our digital records and to provide a backup onto our server. The server is backed up on a daily bases onto a network attached storage hard drive. The USB drives are also a shared source for our archival research.

For this specific project, of rehousing and reorganizing the archival materials in our old nonarchival binders and family file folders, we worked

with 155 cubic feet of space. Our 77 research binders are alphabetically stored by subject, assigned an accession number, and typed in our Past Perfect data base. Our 76 family files are also alphabetically organized by family name, assigned an accession number and now available in our Past Perfect data base. We also put 10 family genealogies and family trees in sheet protectors and placed in binders as well. This project will be ongoing as we continue to receive more donations. (See Appendix 1)

Self Assessment

Before we started our project, we had an Ohio History Service Corp member present an in-service class. We started with a self-evaluation on our current methods followed by a discussion of best practices to utilize for this project. As a result, more sheet protectors were purchased than were requested in the grant. This alleviated a poor practice of multiple documents back- to- back in the same sheet protector. The index in each binder now allows researchers to identify page numbers of topics of interest. The outside labels help individuals to quickly find the appropriate binder by subject for their needs. Each binder has an accession number that corresponds to our computer base. A Finding Aid, with over 192 pages, houses the subject index pages from each binder. Researchers who do not want to use the computer can use the Finding Aid. (See Appendix 2)

Project's Impact

The project has increased the availability and efficiency to obtain information for researchers. Several Poland residents have already been assisted when seeking information on historical buildings and events they needed. The system is allowing better access to information used in our community walking tours and historical reenactments in our cemetery, graveyard and South Main Street tours.

Several of our members are working with a local parochial school to involve participation in History Day. Students will be encouraged to research and utilize our materials.

Additional Initiatives

As more donations of items are donated, we will continue to add and expand our collections. We eventually plan to link our Finding Aid to our web site so anyone can research our indexes from home.

We have already reached out to another historical society and provided encouragement and information to organize their own collection. In May, our historical society is presenting a program on how we have archived our collection, to assist a neighboring historical society.

Coverage

Articles were sent and appeared in three local newspapers; The Vindicator, The Review Newspaper, and the Home Town Journal. (See Appendix 3) Also, our website had an article.

At each monthly meeting, which are open to the public, the grant, the progress being made, and how to use our system was discussed.

Project Expenses

We had 10 volunteers that worked over 544 hours with a total of \$16,307.78 that far exceeded the in-kind match. The \$2,939 grant fund was used to purchase material on budget. (See Appendix 4) (For receipts see Appendix 5)

The project was completed by the deadline date and the committee will continue the archival process.

Poland Historical Society OHRAB Grant Press Coverage

Appendix 3 - page1

Poland Historical Society Awarded Grant

The Poland Historical Society received a grant for \$2,939 with additional in-kind matching funds. The grant is supported in part by an award from the Ohio Historical Records Advisory Board, through funding from the National Historical Publications and Records Commission (NHPRC), National Archives and Records Administration.

The grant money is being used to purchase archival storage materials such as archival binders, sheet protectors and storage

boxes to preserve, organize and prevent damage to the Historical Society's collection in the Little Red Schoolhouse Museum located at 4515 Center Rd. (Rt. 224) in Poland Township.

Currently, the collection includes Civil War letters from Poland soldiers, President Wm. McKinley family history in Poland, early Poland families, deeds, vintage pictures, and many artifacts related to Poland's history. This reorganization and preservation will streamline the

experience for users of the archival material.

The public is encouraged to tour the Schoolhouse during open houses and on most Wednesdays between 10 am - 1 pm. Individuals and groups are invited to do research or to explore the displays in the Schoolhouse museum. To schedule an appointment for yourself or a group, call 330-538-6877 and leave a message. Messages are forwarded to a member who will return your call to schedule your visit.

Poland Historical Society member, Chuck Gilbert, has spent numerous hours over the past few years working with the Archival Team to organize the thousands of items available for the public to view at the Little Red Schoolhouse.

12-7-2023

Poland Historical Society members Beth Dunn and June Deeley organize archival materials located at the Little Red Schoolhouse.

Poland Historical Society looks back, aims forward

POLAND — The Poland Historical Society is gearing up for 2024, and several improvements are in store.

The Vindicator
YOUR TRUSTED NEWS
for the Mahoning Valley.

Subscribe Today

The society will continue walking tours of historic Main Street, offering school programs at the Little Red Schoolhouse and promoting History Day in Poland schools.

With a new slate of officers and members, the society had a chance to review 2023. Among the grants received last year was one for \$2,939 with additional in-kind matching funds.

“The grant is supported in part by an award from the Ohio Historical Records Advisory Board, through funding from the National Historical Publications and

Records Commission (NHPRC), National Archives and Records Administration,” Poland Historical Society President Laurie Fox said. “The grant money was used to purchase archival storage materials such as archival binders, sheet protectors and storage boxes to preserve, organize and prevent damage to the Historical Society’s collection in the Little Red Schoolhouse Museum located at 4515 Center Road (Route 224) in Poland Township.”

She said a committee was formed to assist in the reorganizing and preservation efforts. The committee meets every Wednesday morning to sort and enter information into a database that will streamline the search experience.

A second grant the society received was a Cultural Capital Grant for \$25,000, made possible through State Rep. Al Cutrona’s office. The grant was approved in 2022 and the PHS had to raise a required match of \$12,500 between September of 2022 and June of 2023, which it did.

“This wonderful \$25,000 grant from the State of Ohio allows us to serve the Poland Community better and more safely,” Fox said. “We were able to add paved space and handicap parking, LED lighting and security cameras and make it easier and safer to enter the (Little Red Schoolhouse).”

The grant helped repair a trip hazard on the sidewalk and enabled the PHS to add internet, WIFI, a high-quality digital scanner and a server with NAS backup for archival digital storage of artifacts, photos and records.

The Little Red Schoolhouse has been under the PHS since it was formed in 1979 to save Poland’s historic structure. The Board of Education arranged for a \$1 per year lease for 99 years and in 1987, thanks to a federal grant to restore the building, it was rededicated.

Today the structure houses the collections of the PHS that include items from Poland churches, PSHS yearbooks, early Poland deeds, old photos, family histories, Poland firemen directories, Chet Hunt sketches of Poland, items regarding William McKinley and family, Civil War letters from Poland soldiers, early maps, and original White Saddle books by Ethel Hull Miller.

“Several family diaries, photos and paintings by local artists were added to our collection last year through the generosity of Poland residents,” Fox said. “We appreciate the donations that help us to fulfill our mission to preserve the past for the future. Our collection of Poland Seminary High School yearbooks is

extensive, but we are still missing more current year books from the 1970's to current and look forward to future donations.”

In 2023, PHS participated in Celebrate Poland by offering a walking tour of historic South Main Street in Poland Village and added a College Street walking tour and Village Graveyard tour.

“We will continue offering walking tours through historical Poland, Riverside Cemetery, and the Village Graveyard,” Fox said. “We would like to encourage others to help by becoming a tour guide or a reenactor at one of the historic sites.”

Another returning program this year will be the Tour of Poland's 19th Century Homes. Fox said the last one in 2022 was a big success and the society will have a new tour set for Sept. 19, 2024 from 10 a.m. to 7 p.m. Tickets for that event will go on sale this summer.

The PHS will also be offering the Little Red Schoolhouse for the second grade this year. The entire Poland second grade will hold a full day of school as it would have been in the 1800s.

The PHS is also developing an activity / coloring book for elementary school age children that should be ready later this year.

One final program is a project that started last year involving Poland's first marshal, Alfred P. Arnold, who served as Poland's first peacekeeper and is buried with his family in Riverside Cemetery. The PHS is working toward raising enough money to place a marker in Riverside to honor him.

“Through generous donations, we have so far raised half the money we'll need for the marker,” Fox said. “We'll continue this project for the next few months with plans to have the marker placed in the cemetery in 2024.”

The hope is to have the marker in place later this year.

The PHS meets the third Tuesday of each month at the Little Red Schoolhouse. The business meeting takes place at 6:30 p.m. followed by special programs at 7:30 p.m. The public is welcome.
